

Laying The Groundwork For Success.

Site Serve Profile

Overview:

Site Serve is a full-service site development company dedicated to preparing land and infrastructure for commercial and industrial growth. With decades of combined expertise and modern equipment, we deliver earthwork, utilities, clearing, grading, and road construction services that ensure every project begins with a strong foundation.

Positioning:

Laying the Groundwork for Success.

Vision:

To be the trusted partner of choice for developers, contractors, and municipalities—delivering reliable site development solutions that prepare the way for lasting success.

Mission:

Site Serve exists to empower commercial and industrial development by providing professional, safe, and precise site services. We are dedicated to excellence at every stage of preparation—so that every build begins with confidence.

Compliance & Safety:

Site Serve operates under strict OSHA standards and industry safety practices. Our teams are trained, certified, and committed to maintaining the highest levels of safety and compliance on every job site.

History:

Born from Tampa roots with family ties to the oil & gas industry, Site Serve was built on hard work, grit, and a deep understanding of land development. Over the years, we've grown into a modern site development firm with advanced equipment, experienced crews, and a reputation for reliability.

What has never changed is our commitment to doing the job right, building trusted relationships, and clearing the way for what's next. Today, Site Serve continues to serve Florida and beyond—helping shape the future of commercial and industrial construction.
